

a DEAF & you  
guy

trouble with understanding  
**WHAT HE IS SAYING ?**

**We have the solution**

The  
speaking glove

Our own  
flex  
sensors

Intel  
Galileo  
gen 2

the  
speaking  
glove

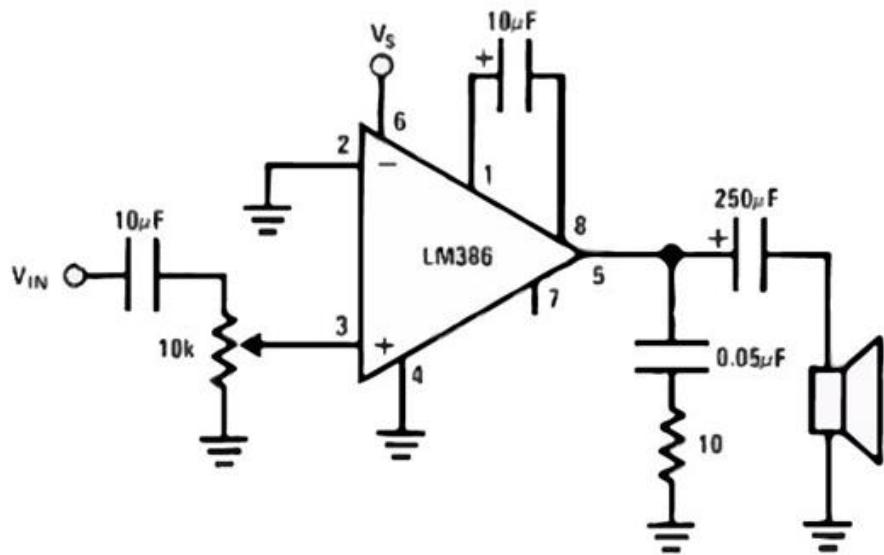

# our own flex sensors

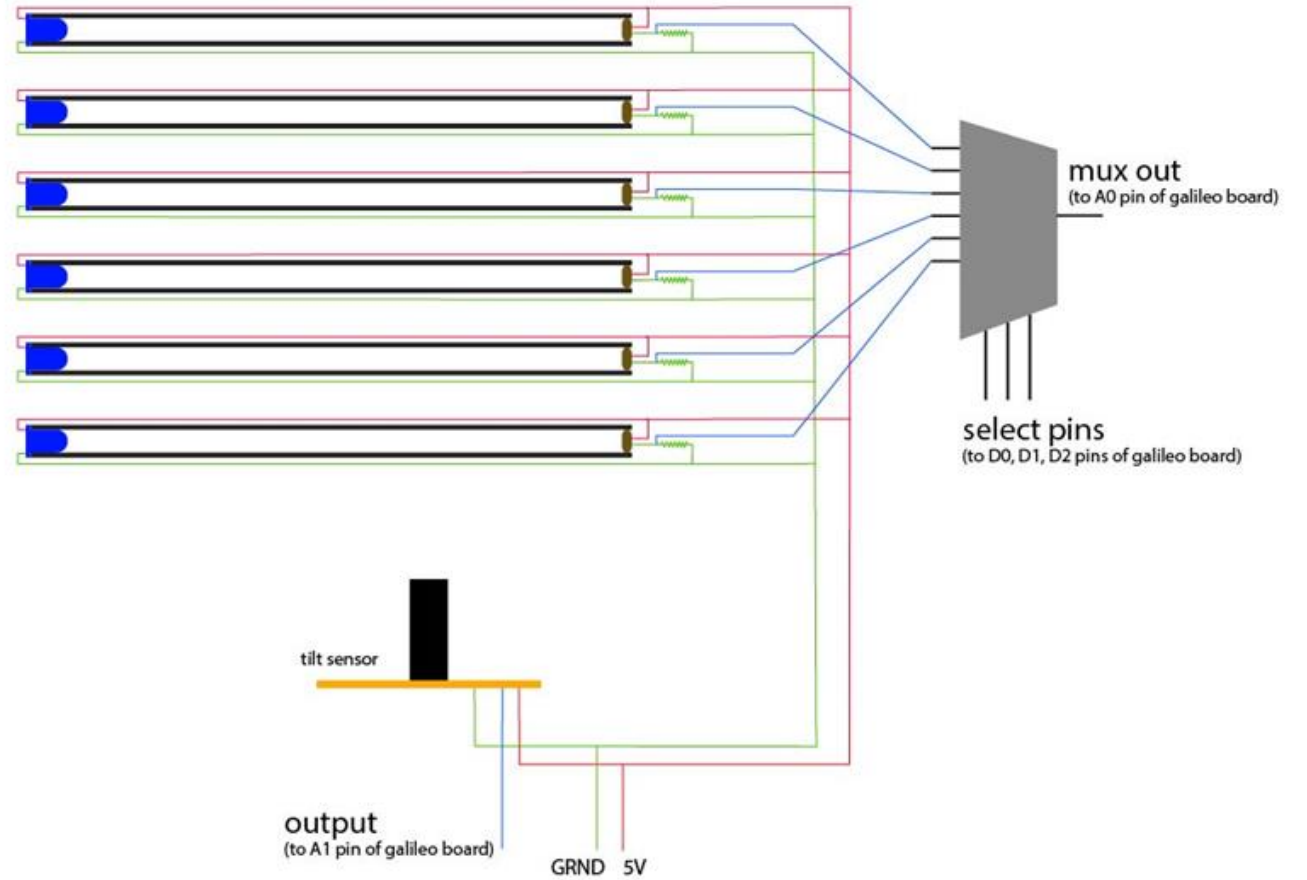

# speaking glove (basic plan)

Our own flex sensor (combination of LED & LDR)

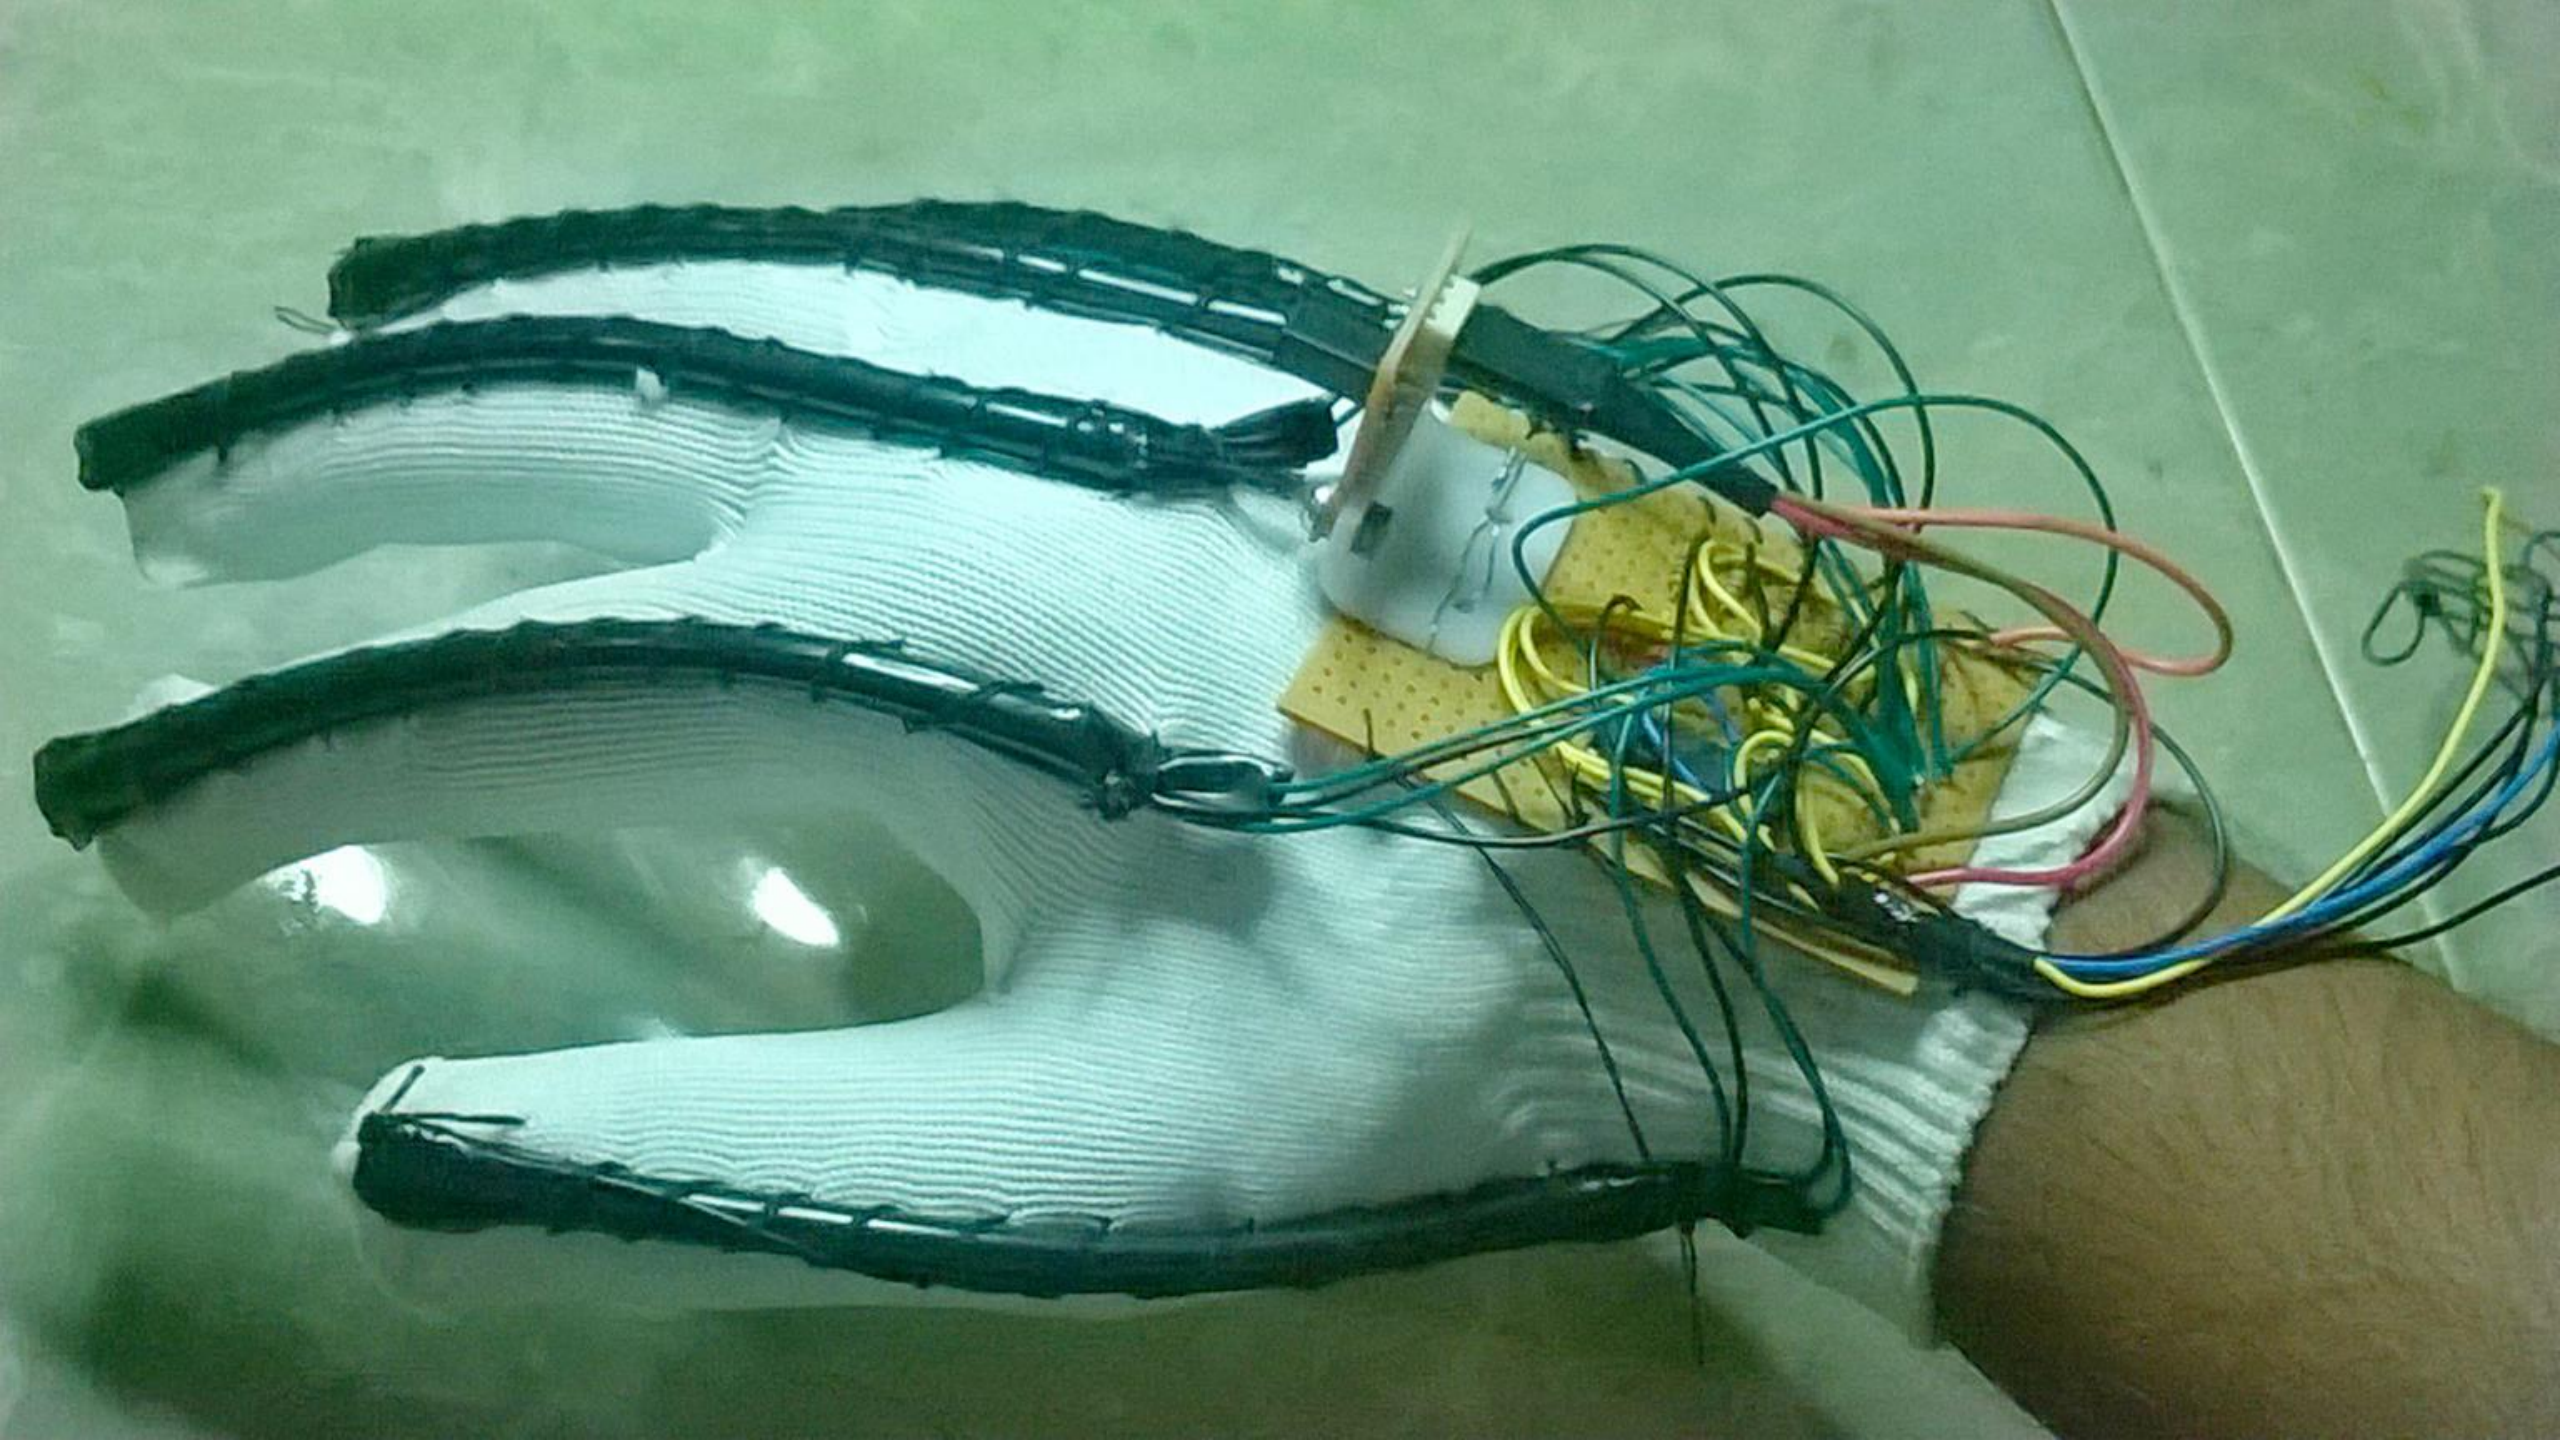

Audio amp circuit

Structure of the glove

# see demo

Specially for Paralysis or old peoples who can't work and talk..

I'm hungry

Help me

hello

I'm thirsty

**I'm sleepy**

**I'm fine**

THANK YOU
